

NZIGP / AUCKLAND CAR CLUB / NORTHERN SPORTS CAR CLUB

JOINT RACE COMMITTEE - MOTORSPORT AUCKLAND

PUKEKOHE PARK • 3 / 4 DECEMBER 2011

NOTICE TO ALL RACE CATEGORIES – COMPETITORS

NOISE LEVEL MONITORING

The MotorSport New Zealand rules on noise have been in vogue for many years. The level remains unchanged at

95 Dba

Most competitors do comply with this requirement, however a small number of them have not been concerned about the noise level their cars are registering.

The controlling local authority – Auckland Council – are insisting that the circuit owners and the race organisers ensure that competitors abide by the resource consent for the property which has a noise level limit of 95 Dba. This noise level is the same at all New Zealand circuits.

Please ensure your compliance.

Many thanks

Motorsport Auckland Joint Race Committee
